GLADIOLUS - 1950

DESCRIPTIVE LIST
OF
OUTSTANDING GLADIOLUS

RALPH J. POMMERT & SON
PACIFIC, WASHINGTON

PLEASE READ THIS BEFORE MAKING OUT YOUR ORDER

Washington customers must include 3% Sales Tax on all orders, unless bulbs are purchased for resale or for commercial cut-flowers.

TERMS - Please do not send us orders under \$3.00, as smaller orders can be handled only at a loss. All orders under \$5.00 are cash with order. On orders over \$5.00, you may if you desire, send 25% with order and the balance before shipment, or shipment can be made COD for the balance.

EXTRAS - We always like to give you an extra or two, either as overcount or a new variety for trial. A hint as to what you would like will be appreciated. It's an old "horse and buggy" custom; - remember when we used to get 13 rolls at the bakery for a dozen? Well, you likely won't remember unless you have turned 50.

TRANSPORTATION COSTS - All bulbs from the Retail List will be shipped prepaid anywhere in the US. Small orders will be shipped by parcel-post as soon as danger of freezing in the mail is past. Pacific coast or Texas orders can be sent at any time. Larger orders can be sent at any time by express.

All bulbs priced by the 100 or 1,000 are shipped f.o.b. here, - customer pays the transportation charges upon delivery. Bulbs take the second class express rate.

If your order is taken from both the Retail and Quantity lists, we will ship collect for transportation, and add enough bulbs to pay for the charges on the bulbs from the Retail List.

(*) In the descriptive list you will note this mark * following many of the varieties. This means "Refer to Quantity List (100 rate list) for prices." In other words, we do not sell less than 20 bulbs of the cheaper varieties. 20 No. 1 bulbs of Abu Hassan will cost \$1.00, you pay transportation. 20 No. 2 Coral Glow will cost 64¢. But, for example, if you want No. 4 Lady Jane, you will have to order at least 25 for 50¢, - as the minimum item sold from 100 rate list is 50¢.

Prices listed 2/25¢ means two bulbs for 25¢, and we do not split these items. Varieties listed 10 \$1.00 means ten bulbs for \$1.00, but you may order 5 for 50¢.

OUR GUARANTEE ! If, for any reason, any bulbs purchased from us are unsatisfactory upon arrival, just return them promptly for a full refund, including transportation charges. Or, if at blooming time, you feel that your order was not properly filled, just let us know and we will try to adjust any error to your satisfaction. Of course, we cannot guarantee that every bulb we sell will make a good spike, as your growing conditions are beyond our control. Nor can we guarantee germination of bulblets.

Large bulbs (L) are size No. 1 and 2. These sizes are best for growing exhibition spikes. Medium bulbs (M) are sizes No. 3 and 4. These sizes are commonly used for our-door cutflower growing. Most varieties will make almost as good spikes from this size as they do from larger bulbs. Small sizes (S) are No. 5 and 6, are used mainly for increase and for growing large bulbs for the following season. However, most bulbs of this size will make fairly nice spikes the first season.

ROCK-HOUNDS, ATTENTION! - We are interested in obtaining unusual mineral specimens, Indian artifacts, fossils, agate, etc. from all parts of the world. If you have anything you would care to dispose of, we will be glad to exchange for bulbs, or will buy. Or, if you know of anyone who has any of these articles to dispose of, we will appreciate hearing from you. In the past year we have travelled over 25,000 miles, from northern Montana to Texas, in the mountains, the deserts and the sage-brush, searching for these things. When spring comes, we hope to be out again. (The old man, that is. I have to stay home and look after your bulbs."Bob")

Western Washington grown glads are in demand, even at a premium, by Florida cutflower growers, because our area is fusarium-free.

TAKINA (Burns 33) 570 Rosy purple, - some call it cerise. Old, as glads go, but still good enough to win 1-2-3 at 1949 WGS show. *

THRILLER (Evans 43) 451 Clear red with cream throat. Opens 8 on a 20 bud spike. Late midseason. (L 2/25¢; M 4/25¢; S 8/25¢; Blts 50/25¢)

TIVOLI (K&M 47) 461 Soft clear rose, lighter in the throat. Will open 8-10 perfect florets on a perfect spike. One of the best glads to come out of Holland. Very good. (L 25¢; M 2/25¢; S 3/25¢; Blts 15/20¢)

TOPFLITE (LaSalle 46) 560 Soft shade of rose, - a beautiful shade. Rather slow propagator. Midseason. (L \$1.50; M \$1.00; S 50¢; Blt 20¢)

TOPSCORE (Kooi 47) 451 Brilliant glowing vermillion-red. Early. Good exhibition variety, but too soft for a commercial. *

UHU (K&M 46) 482 Smoky brown on orange-salmon ground, with cream throat. One of our best smokies. (L 2/25¢; M 3/25¢; S 4/25¢; Blts 20/20¢)

VICTORY QUEEN (Wilson 45) 430 Rich salmon-orange with cream throat. Nicely ruffled. Midseason. (L 2/40¢; M 2/25¢; S 3/25¢; Blts 20/20¢)

VINCENT VAN GOGH (v Wav 48) 432 Nice salmon-scarlet. Early midseason. About 8 open. This looks like a good commercial. *

VOODOO (Kadel 44) 486 Ruffled smoky with stippling of bronze and plum. If you like odd ones, this is it. (L 35¢; M 25¢; S 2/25¢; Blts 10/20¢)

WORLD BEATER (Pfitzer 49) 411 Yellow with conspicuous mahogany throat. This looks good. (Should be 413?) Stock limited. (L 50¢)

WHITE CHRISTMAS (Fischer 48) 500? Pure white shading to cream throat. A beautiful glad. Makes only 400 size here. (L 50¢; M 35¢; Blts 10/25¢)

YELLOW HERALD (Pfitzer 47) 411 Tall amber-yellow with slight carmine markings in throat. Early outflower. Heavy propagator. *

If your order from the 100 rate list amounts to \$20.00 or more, you may take a 10% cash discount,- except on purchases of Spic and Span and Tivoli.

Commercial growers, or others purchasing in quantity, are requested to write for our wholesale price-list. We have the largest crop in many years, and can make attractive prices on many varieties. The Puget Sound area is probably the only area in the US, where due to climatic conditions, fusarium is not present.

The Pommert family have been commercial glad growers since 1901. The firm of Ralph J. Pommert & Son began in 1922. This almost half century of commercial growing gives us the "know-how" to give you bulbs and service excelled by none.

JUMBO BULBS - In some varieties, we have quite a few extra large bulbs this season,- altho none are more than 2 years from bulblets. Early orders, requesting "jumbo bulbs", will be given these at the same price as No. 1. It is first come, first served, on these.

JOIN A GLADIOLUS SOCIETY !

As about 95% of our customers are already members of one or more societies, we do not need to tell them of the advantages. But to the few of you who do not yet belong to one- you are missing a lot of enjoyment and information. You will learn of disease control, spraying and dusting, records of show winners, new varieties, etc. We will be glad to send the name and address of the secretary of your nearest society upon request.

Commercial growers are urged to join the North American Commercial Gladiolus Growers, Inc. This is a young and active organization working for the good of the industry. Membership fees are based on the annual volume of business, but are nominal. YOU need this organization,- and it needs YOU ! Drop us a post-card for more information and an application blank.

BEST GLADS IN '49 - FRIENDSHIP was the first variety in the field to bloom. This one should "go places" as a commercial. Our best red outflower was KING CLICK, a variety which seems to have been overlooked by many growers. TIVOLI, one of the best of the light rose-pinks, will be in great demand. GRETA GARBO still the best pale pink and cream,- was grand-champion at two Washington shows in 1948, and division-champion at big Yakima show in 1949. MID-AMERICA and GENERAL EISENHOWER are immense,- great show glads, but probably too large to make good commercials. SPIC and SPAN will be grand champion contender at the shows for years to come,- and SUNSPOT is a mighty hard one to beat. The lavender class is still ELIZABETH THE QUEEN 1/2/3.

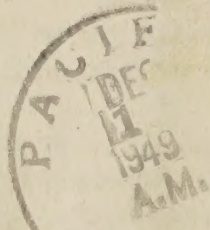

DIVISION CHAMPIONS AT 1949 WGS SHOW - FORT TI, SKYMASTER, GRETA GARBO, SUNSPOT, ABU HASSAN, QUEEN CHARLOTTE, LITTLE SWEETHEART and NADIA
